

## **Institute wins award**

By Express Features - HYDERABAD 27th April 2013 12:35 PM

Next education India Pvt Ltd, a Hyderabad-based E-learning technology company was awarded the 'Corporate -Innovation in Teaching Pedagogy' at the World Education Summit 2013 in New Delhi. MathsLab, is the latest offering from Next Education. Based on the ideology of 'LAB' (Learn - Analyse- Build), children do various activities, projects and simulations to discover mathematical ideas and validate formulae as part of MathsLab. The aim is to merge the three aspects of Maths education - teacher sessions, student practice and hands-on activities.

Complying with NCERT and NCF guidelines, the MathsLab caters to all school boards such as CBSE and ICSE in India.
